Subject: Product Discontinuation Notification for all Thermo Scientific™ Jewett™ Specialty Laboratory Refrigerator and Freezer Products

Dear Channel Partners and Customers:

Please accept this letter as official notification regarding the discontinuation of the Jewett Specialty laboratory refrigerator and freezer products.

As the world's leading supplier of cold storage products, we continue to push the boundaries of user experience, performance, and sustainability. The results of these efforts are our expanding **Thermo Scientific TSX Series** of high performance refrigerators and freezers and by extension the discontinuation of legacy product lines like the Jewett Specialty products.

The discontinued model numbers are listed in **Table 1** (page 2).

Thermo Fisher Scientific **will not accept orders for the discontinued models after December 31st 2020** for **Table 1**.

At Thermo Fisher Scientific, we are committed to providing service and support on the Jewett Specialty models for the next 5 years. We look forward to continuing to support your needs and assisting you through this product transition.

Regards,

Chase Heibel
Global Product Manager
